Adding Four-Year-Old Kindergarten (4K) Programs

The Columbus School District is obligated to provide Four-Year-Old Kindergarten (4K) programming for all district residents who apply. Additionally, the district recognizes the community's need to have 4K programming available at a variety of community-based sites to meet family need. 4K sites and/or additional programs at current sites may be added under the following conditions:

- Enrollments exceed the Participant Levels (defined in Site Assignment Guidelines) at all sites.
- One or more currently participating sites declines the District's 4K contract.
- One or more currently participating sites fails to meet District requirements as described in the Contract.

If one or more of these conditions are met, the District will post a public notice accepting applications for additional 4K sites and/or additional programs at current sites. Site applications will be judged on standard criteria developed by the District.
