SELECTING STUDENT TEACHERS/ADMINISTRATIVE INTERNS

Colleges and universities should first make contact with the Superintendent regarding placement of a student teacher or administrative intern.

The Superintendent /designee shall make the final placement of student teachers or administrative interns.

The supervising staff member shall have had no less than two (2) years of successful experience in the area of assignment.

Professional staff members who agree to serve as supervisors of student teachers or administrative interns may accept honoraria or stipends directly from the college/university for those services rendered outside the regular school day and above and beyond the duties and responsibilities specified in their contracts.

The Superintendent may terminate a teaching program if one (1) or more aspects of the program are not of high quality or meeting District needs or expectations.
