EMPLOYMENT OF CASUAL RESOURCE PERSONNEL

It is the purpose of this policy to allow the casual employment of personnel in a consulting capacity for administration, in-service, or instruction.

In the general fund of the Board of Education, money is appropriated annually for special services. This might include resource persons in specialized fields of education that could offer consulting advice on the administration or instructional processes. The Superintendent shall negotiate a reasonable payment with the resource person.

Professional staff members employed by the District may be used as casual resource personnel, outside of their regular assignment, at the discretion of the Superintendent.
