STUDENT EMPLOYMENT

The Board of Education believes that attendance at school should occupy a student's full attention and should take precedence over non-school-related employment.

Unless exempted by law, no student under the age of eighteen (18) may be employed without a permit issued by the State.

If a student must work while attending school, s/he should receive counseling and assistance in seeking appropriate job opportunities and in correlating work schedules with school studies and activities.

All students employed in out-of-school jobs are monitored by staff regarding school attendance and achievement in order to determine the effects on school performance of the student assuming out-of-school work commitments.
