SELECTION OF ARCHITECTS AND ENGINEERS

Board of Education established criteria for the selection of architects and engineers to be employed by the school district will be such as to assure the system of a high degree of competency from its employed professionals.

The selection of an architect for each project will be made from a Board approved listing arrived at by applying the following criteria:

- A. Training and experience, including that of partners and associates, either with the Columbus Public Schools or elsewhere.
- B. Planning ability and promptness.
- C. Specification writing, accuracy, and sufficiency of detail.
- D. Design, appearance, and utility.
- E. Inspection of job effectiveness.
- F. Relation with contractors.
- G. Experience with government agencies.

The payment of architectural fees shall follow such standards as are consistent with A.I.A. standards and/or good business practice.

A separate contract shall be signed for each project with the architect selected by the Board. The contract shall include statements outlining specific district requirements and procedures which must be followed by the architect.
