SUPERVISION OF CONSTRUCTION

The Board of Education shall require from the Superintendent or his/her representative a review of the architect's activities in his/her supervision of building construction. This review shall include adequacy of field inspection of the constructor's operations, administrative activities of the architect relating to construction, and any other matters relating to the interest of the school district. The district's representative and a committee of the Board shall make periodic reports certifying by their personal knowledge that the work of the construction contractor and the architect is being performed in accordance with plans, specifications, and contracts.

Change orders will be approved by the Board upon recommendation of the Superintendent and the Building Committee.

Upon completion of the building construction and a final inspection of all its aspects by the architect, contractors, and school officials, a recommendation for its acceptance is made to the Board.
