BOND CAMPAIGNS

While the District may, and should provide the public with information on school building needs, it may not use District funds to advocate "yes" votes on bond issues.

The District may activate a Citizens Advisory Committee to examine building needs in advance of any building program so that the committee may make its findings known to the District and the public.

As the need for bond issue support arises, a Citizens Committee may be encouraged to form for the purpose of promoting the passage of the bond issue and collection funds needed for such promotion.
