UNITED 199C

MATERIAL SAFETY DATA SHEET

320 37th Avenue, St. Charles, Illinois 60174

To Reorder Call:
800-323-2594

1. PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME
UNITED 199C EVERLAST

USE/DESCRIPTION
Rubberized Coating Clear

REVISION DATE
January 27, 2012

24 Hour INFOTRAC (US and CANADA): 800-535-5053

HMIS III HEALTH (0 = Maximum Safety) 2
PHYSICAL HAZARD (0 = Maximum Safety) 0

Always follow Label Directions and Cautions.

Susceptible to Release of Energy.

* Chronic Moderate
4 Severe Slight
3 Serious Minimal
0 Minimal

See Hazards Identification Section of this MSDS for more detailed information.

Susceptible to Release of Energy.

4 May detonate-vacate area if materials are exposed to fire.
3 Strong shock of heat may detonate-use monitors from behind explosion resistant barriers.
2 Violent chemical change possible-use hose stream from distance
1 Unstable if heated-use precaution.
0 Normally stable.

FLAMMABILITY (0 = Maximum Safety) 4

Susceptibility of Material to Burning.

4 Extremely flammable. Must be preheated
3 Ignites at normal temperature. to burn.
2 Ignites when moderately heated. Will not burn.

PERSONAL PROTECTION: B

2. COMPOSITION/INFORMATION ON INGREDIENTS

3. HAZARDS IDENTIFICATION

Eyes: Slightly irritating but does not injure eye tissue.
Skin: Low order of toxicity. Frequent or prolonged contact may irritate and cause dermatitis. May aggravate existing dermatitis condition.
Inhalation: High vapor concentrations may be irritating to the eyes and the respiratory tract. May cause headaches, dizziness, anesthesia, drowsiness, unconsciousness, and other central nervous system effects including death.
Ingestion: May cause nausea, vomiting, and or stomach discomfort. Possible aspiration hazard, may cause inflammation of the lungs.

4. FIRST AID MEASURES

Eyes: Flush with plenty of water for at least 15 minutes. Call a physician.
Skin: Wash with soap and water. If irritation persists, call a physician.
Inhalation: Remove to fresh air. Apply artificial respiration if necessary and call a physician immediately.
Ingestion: DO NOT induce vomiting. Call a physician immediately. Aspiration into lungs during vomiting may cause chemical pneumonitis.

5. FIRE FIGHTING MEASURES

Flash Point (TCC): None
Explosive Limits: Lower (LEL): 1.0 Upper (UEL): 6.0
Flame Projection (Aerosol): Extremely flammable per 16 CFR 1500.3 and 1500.45.
Hazardous Products of Combustion: When strongly heated, as in a fire, this product may produce oxides of carbon.
Fire and Explosion Hazards: Exposure to temperature above 120°F/48°C may cause bursting. This product releases flammable vapors below ambient temperatures and readily forms flammable mixtures with air exposed to an ignition source.
Extinguishing Media: Dry chemical, Carbon dioxide, Halogenated extinguishing agent.
Fire Fighting Instructions: Wear self-contained breathing apparatus w/full protective clothing in chemical fires. Cool fire exposed containers with water to prevent pressure build up.
6. ACCIDENTAL RELEASE MEASURES

Small Spills: Remove sources of ignition and ventilate area. Soak up with an inert absorbent and place in designated disposal container. Wash area thoroughly.

Large Spills: Remove sources of ignition and ventilate area. Soak up with an inert absorbent and place in designated disposal container. Wash area thoroughly.

7. HANDLING AND STORAGE

Keep away from heat, sparks, and flame. Use with adequate ventilation. Do not puncture or incinerate containers. Store as NFPA 30B Level 3 Aerosol.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Eyes: Safety glasses are recommended.
Skin: Chemical resistant gloves are recommended.
Respiratory: None required if good ventilation is maintained.
Engineering Controls: Mechanical ventilation recommended when handling in enclosed/tight spaces.

10. STABILITY AND REACTIVITY

Hazardous Polymerization: NA
Hazardous Decomposition: When strongly heated, as in a fire, this product may produce oxides of carbon.
Chemical Stability: Stable
Incompatibility: Oxidizing agents such as bleach.

11. TOXICOLOGICAL INFORMATION

Carcinogenicity (NTP/IARC/OSHA): None
California Proposition 65: Does this product contain chemical(s) known to the State of California to cause cancer and/or to cause birth defects or other reproductive harm? Yes

12. ECOLOGICAL INFORMATION

ND

13. DISPOSAL CONSIDERATIONS

Consult your local, state, provincial and federal regulations for proper disposal guidelines. Disposal regulations may be different for each state and/or locality. Do not puncture or incinerate containers.

14. TRANSPORT INFORMATION

DOT: Available upon request
TDG: Available upon request
UN: Available upon request

15. REGULATORY INFORMATION

VOC (Volatile Organic Compounds): <55% by wt.
TSCA (Toxic Substances Control Act): Listed
SARA Title III Section 302 EHS: ND
SARA Title III Section 311/312: ND
SARA Title III Section 313 Toxic Chemicals: Xylene CAS# 1330-20-7

WHMIS Classification:
This product has been classified in accordance with the hazard criteria of the CPR (Controlled Products Regulations/WHMIS) and the MSDS contains all the information required by the CPR.

16. OTHER INFORMATION

Read and follow all label directions and precautions before using this product. These products are intended for industrial and institutional use only. NOT FOR HOUSEHOLD USE OR RESALE. KEEP OUT OF REACH OF CHILDREN.
